Answer the following questions, carefully read them and make answers clear to the point.

(PART-I)

Q No. 1

(a) Identify at least one developmental need with respect to leadership skills for the current Prime Minister of Pakistan. Point to any specific behaviour that indicates the need for the particular development you specify. {Be careful, attempt to be objective rather than political in your answer}. **[Marks:10]**

(b) What can you as a parent, future parent or close relative do to help a child under 8 years old become a leader later in life. **[Marks:06]**

Q No.2 During the great recession, many consumers who had previously shopped at traditional supermarkets shifted to doing basic shopping at dollar stores and discount departmental stores. Furthermore some of these shoppers remained loyal to the low-priced stores after the recession what are the strategy lessons here. **[Marks:05] [Word Limit: 350 Max]**

Q No. 3 List four reasons why mergers/acquisitions historically have failed. Give few recent examples. **[Marks:04] [Word Limit: 150 Max]**

(PART-II)

Q No. 4 During pandemic COVID-19 many employees around the world have shifted to working online. Do you think that due to this situation the ways of communication should be modified or adjusted for employees convenience? Due to excessive workload, should company management develop apps for influencing subordinates? Explain your answer with reasoning. **[Marks:15] [Word Limit: 250 Max]**

Q No. 5 Assume during a meeting there is a conflict between a subordinate and his middle level manager. The subordinate commenting the capabilities of manager told him that he isn't fit for the task and should leave. What approach in your opinion can be used by a leader to resolve this conflict. Explain with example. **[Marks:10] [Word Limit: 250 Max]**
